

NEW YORK CENTRAL ASKS PERMISSION TO REDUCE WAGES

Would Reduce the Wages of All Unskilled Labor to Become Effective April 1—Attorney for Road Says That it is Duty of Roads to Operate Efficiently and Economically

(By The Associated Press)
CHICAGO, March 30.—Provisional reduction of the wages of unskilled labor on the New York Central railroad to be effective April 1, was asked of the railroad labor board today.

Immediate relief from the present rates was sought pending a hearing on permanent reduction later and announcement was made that reductions in every class of railway employees were being considered.

The case is the first one brought by a carrier and is considered in railroad circles as the first move on the part of the trunk lines to cut their pay rolls.

Railroad representatives presented a mass of statistics showing the rates paid for similar labor in other industries. A decision is expected by the end of the week.

During the testimony of J. Aronson, counsel for the New York Central, A. O. Wharton, labor member of the board, inquired into the proposed reduction and inquired how the unskilled labor class was selected for a cut.

"Other classes of employees who received increases under the wage award last year are being called in to confer regarding wage reductions," Mr. Aronson said. "We are holding conferences this week with clerical, mechanical and signal employees."

Up to this time unskilled labor wage disputes have been the only cases brought before the board.

Must Operate Efficiently
The railroads, have, under the law, the duty of operating efficiently and economically, Mr. Aronson continued.

The management feels that the downward trend of business makes it necessary to submit evidence to this board asking an adjustment of wages."

B. M. Jewell, speaking for the employees, made a brief answer to the railroad's request, declaring it would be without precedence for the board to act on the request.

"The employees want to see months or relief under the new rates," Jewell said. "We do not want the present rates are unjust, unreasonable, and we want to be reimbursed for the losses sustained during the time they waited for an increase last year."

Mr. Aronson replied that the cost of living had shown a steady downward trend for nearly a year and that a regular downward trend in wages of other industries was also noticeable.

Reductions of 17 to 31 per cent were proposed in various classes of unskilled labor on the New York Central, and a comparison with common labor in other industries was made by M. A. McCleary, statistician for the road. Maintenance of way employees, he said, would be reduced from 48 1/2 cents an hour to 33-35 cents.

Farm Labor Figures
Farm labor figures were introduced, backed by S. L. Striving, president of the American Farm Bureau Federation of New York, and Frank M. Bradley, head of the New York State Federation of Agriculture.

Wages in 1920 averaged from \$50 to \$85, according to Mr. Striving's figures, and now were down to \$35 to \$65. Farm labor hired by the day averaged 35 to 50 cents an hour last year and was now 27 to 35 cents, he said. Men hired by the month, he explained, were usually given board and lodging, but hands hired by the day were not given such concessions.

F. E. Warner of South Haven, Mich., president of a large fruit exchange, said the \$75 wage in 1920, was now about \$50, and the day laborer's hourly rate was 36 cents now, compared to 50 cents in 1920.

FIXES MINIMUM
WEIGHT FOR CAR OF HOGS
Des Moines, Iowa, March 30.—The state board of railroad commissioners ruled today that medium weight hogs loaded in 36 foot cars shall be 16,000 pounds. The hearing was due to the fact that many Iowa shippers of hogs have received tariffs based on the 17,000 pound minimum charge.

STEALS \$30 WATCH
GETS 20 YEARS
St. Louis, Mo., March 30.—George Gwyck, 34, today was sentenced to twenty years in the penitentiary at Fort Madison, Iowa, for stealing a silver watch valued at \$30. There were three women on the jury.

MINNESOTA WILL NOT
PARTICIPATE IN BASEBALL
Minneapolis, Minn., March 30.—The University of Minnesota will not participate in conference baseball competition this year. A student petition, pleading for the return of the sport was denied by the University Board of Athletic control today.

PEOPLE FROM ALL WALKS OF LIFE UNITE IN TRIBUTE

Thousands Gaze for Last Time on Face of Beloved Prelate

CHURCH DIGNITARIES GATHER FOR FUNERAL

(By The Associated Press)
BALTIMORE, Md., March 30.—The mighty and the lowly united in sorrow tonight to gaze for the last time on the face of a beloved prelate.

For tomorrow morning with all pomp and ceremony and the singing of a Gregorian chant never before heard outside the vespertine chapel in Rome, the church will bury her dead. The apostolic delegate at Washington, two fellow members in the college of cardinals, archbishops and bishops, arch abbots and abbots, secular clergy and clergy belonging to the order—all will be enshrined in the cathedral of the Assumption of the Blessed Virgin Mary for the final mass.

The public ceremony ended, the body of the cardinal later in the day will be carried to the cathedral crypt unopened since the burial of Archbishop Spalding in 1872. There the body will be laid to rest in the white tomb with the simplest of ceremonies and in the presence of only closest relatives and dearest friends.

Rests in State Three Days
For three days the body of Cardinal Gibbons has rested in the arms of mourners, 30,000 strong, state in the cathedral. Daily an has fled in and out of the gray-stone edifice, but today from morning until nearly midnight a great double column blocks long, sought entrance to the cathedral.

In other parts of the city there was the usual noise and bustle of an American community but around the cathedral all was quiet.

Tomorrow this silence will spread over the city when in response to proclamations by governor and mayor all traffic and every activity will be stopped for one minute when the mass begins at 10 o'clock.

Women in silk and satins, women in tattered dresses, men of war and men of peace, the strong and broken moved silently past the candle lighted catafalque on which rested the frail remains of a churchman of whom it once was said that he had just enough body to contain a soul.

Dressed in his purple robes, his archbishops' mitre, upon his head, and a crucifix clasped in his gloved hands, lay the American horn of simple Irish immigrant who by his own efforts and indomitable will rose to be a prince of the church. In death as in life his prelate and scholar.

Tonight the silence of the cathedral was broken by chanting by seminarians and diocesan clergy as the office of the dead was sung. The ceremony was attended by church dignitaries and lay delegates from all parts of the United States and Canada who began arriving in Baltimore today for tomorrow's assemblage.

CERTAIN OWNERS TO BE DRIVEN OUT

San Johnson Says Will Rid Baseball of Men Who Have Not Been True to Their Trust.

Cleveland, O., March 30.—Club owners of major league baseball have not been true to their trust and will be driven from the game, San Johnson, president of the American League declared tonight. These facts Mr. Johnson said, developed from recent investigations into the baseball scandal.

"Thirty per cent of the owners in the big leagues must go," Johnson said. "Changes of ownership are necessary for the good of the game and I expect to see the other owners assist me in bringing about the much needed change."

Mr. Johnson refused to state who the accused owners are. "Baseball suffered a temporary setback as a result of the 1919 world's series scandal and the recent dismissal of the indicted players and others involved in the case," Mr. Johnson continued. "But new indictments have been returned and I pledge myself that the cases will be prosecuted to the limit. I will not rest content until the general public says of the national game that the wound has been thoroughly healed and the guilty have been sufficiently punished."

SUPREME HEAD OF
U. C. T. DIED WEDNESDAY
Columbus, O., March 30.—William B. Emmerson, 40, supreme counsellor of the United Commercial Travelers of America and Canada, died today. Emmerson was born in Michigan but came to Columbus in 1919 from Des Moines, Iowa. He became head of the U. C. T. in June, 1920.

WILL ERECT COTTAGES FOR EX-SERVICE MEN

Work to Be Commenced Immediately at Elgin and Here—Permanent Home to Be Erected.

(By The Associated Press)

SPRINGFIELD, March 30.—Immediate erection of cottages at Elgin and Jacksonville for the temporary care of mentally disabled ex-service men and women and construction within the next two years of a permanent home for them, is Governor Small's plan for the care of Illinois' unfortunate veterans of the World War. The governor announced his plan following a conference with American Legion officials and members of his cabinet.

Legion officials headed by William McCauley, department commander for Illinois, have endorsed the governor's program, which makes Illinois a leader among states to prepare for the care of disabled veterans. The new home will be known as the Illinois Rehabilitation Home for ex-Service Men and Women," the governor said. He added that the Fifty-second general assembly will be asked to pass legislation to locate the institution and to appropriate funds with which to complete it.

In announcing his plan Governor Small said: "Proper care for these men and women must be arranged at once. It is a debt, I am sure, the state of Illinois will be glad to pay. Our program will proceed as rapidly as the necessary legislative authority permits. The ex-service men will be given every care and all possible medical attention. Every facility possible for vocational training is to be afforded. We propose to rehabilitate these men and women, if there are any of the latter, who have given their all to the service of the state and nation."

To Build Permanent Home
"We ask the general assembly for the necessary power and appropriation to build a permanent home for these men and women, where they may be segregated and given better and more expert care than is possible at the care of the present state institutions."

"The general direction of the work will be placed in the department of public welfare. It will co-ordinate its work with the federal board for vocational training. The plans are now complete. They have the approval of the American Legion and I feel certain that they will meet with the necessary approval of the general assembly."

Thanks Governor Small
Commander McCauley said: "In behalf of the ex-service men and women of Illinois, I want to thank the governor for the splendid cooperation he has given the department. His plan is most complete and practicable. The governor has proven himself a true friend of the ex-service men. Our department has been looking to the immediate needs of the ex-service men, but when we went to the governor, we found that he was a long way ahead of us. His plan had not only solved the problem of immediate care but of future and permanent attention. It provides not only for segregation in ideal quarters, but to the fullest extent for every vocational training, which is so necessary if these men and women are to be rehabilitated."

Judge C. H. Jenkins, director of the department of public welfare, declared that his department was ready to go ahead at once with the governor's program.

"Plans for the unit cottages, which will temporarily care for those men and women at Elgin and Jacksonville, are ready," he said. "We hope to have them erected and ready for occupancy within the next few weeks. Architects will go to work at once on plans for the permanent home, to be erected some place yet to be selected, and work on that building will be started as soon as the necessary legislative authority is granted."

Final development of the governor's program came following the completion of a survey by the American Legion, which disclosed that about 400 ex-service men are being cared for in Illinois.

SPECULATION ON GIBBONS' SUCCESSOR

Rome, March 30.—In vatican circles the belief prevails that another American cardinal, who by the death of Cardinal Gibbons again having reduced the number of American cardinals to two. Pope Benedict is declared to have the intention of following the precedent of Pius X, in 1911, of having three cardinals in the United States. Naturally the speculation has brought numerous names of prelates to the fore. Among these names are Archbishop Mundelein of Chicago and Archbishop Hayes of New York. Some persons hint that the appointment of a new archbishop of Baltimore to succeed Cardinal Gibbons may upset all the present predictions.

RECEIVE FIRST DIRECT WORD FROM AMERICANS

New York, March 30.—The first direct word from seventeen American representatives of the Near East Relief organization came today in the interior of Transcaucasia by the recent capture of Batumi by soviet forces, was received here today.

The messages came from relief workers in Tiflis capital of the Georgian Bolshevik government and Erivan headquarters of the new anti-soviet Armenian coalition government. The workers reported that relief work was progressing with the Bolshevik officials in Tiflis treating them with "every consideration."

KESSINGER RENT COMMISSION BILL IS REPORTED OUT

Carries Committee's Recommendation That it Pass

WOULD SEGREGATE MENTALLY DEFECTIVE

(By The Associated Press)

SPRINGFIELD, Ill., March 30.—By a unanimous vote the Kessinger rent commission bill came out of the senate public utilities committee tonight carrying the committee's recommendation that it pass. A motion by Senator Sadler of Chicago to report the bill without any recommendation had previously been defeated by a vote of 11 to 2. Senator Roos of Chicago voting with Senator Sadler.

State's Attorney Robert E. Crowe, Judge Harry Olsen and Dr. William J. Hickson, director of the Chicago Psychopathic Laboratory appeared before the house judiciary committee today in support of the Thom bill to segregate mentally defective criminals and send them to state farms instead of the penitentiaries.

Many men have gone to the gallows for crimes committed because of their distorted and divided mentalities about which science has discovered a wonderful knowledge, said Judge Olsen. Among them he said was Van Dyne, one of the notorious Chicago car barn bandits. Practically all of these criminals are incurable, he declared, adding that the law would send them to the state farms for life.

Misuse of the words "dementia praecox" and "moron" is so common that it is almost universal. Dr. Hickson said. A divided mental process such as disclosed by alienists in the examination of criminals should properly be termed "schizophrenia" he said.

If the newspapers want a short word to describe the individuals whom they commonly term "morons" they should use the word "senile," he added. A moron as defined by Dr. Goddard, who coined the word, is a person who has no relation to any particular term or propensity, he said.

MAKING SURVEY OF COAL SUPPLY

Would Find Whether Consumers are Burning Up Reserve Supply.

(By The Associated Press)

WASHINGTON, March 30.—In order to determine whether coal consumers are unwisely burning up their reserve supplies the geological survey sent out today a questionnaire inquiring about stock of coal on April 1.

The purpose of the questionnaire, it was explained by Director Smith is to find out how much coal is being carried over from the past coal year in order that consumers and producers may make intelligent plans for next year.

Bituminous production during the third week in March was 6,468,000 tons, the lowest point except during the 1919 coal strike since the business depression of 1914, Director Smith said. The decrease was to be expected in part Mr. Smith said but said there were many in the coal trade who contended that consumers were burning up their surplus supplies as they did in the summer of 1919.

ENTIRE FRONTIER OF AUSTRO-HUNGARY CLOSED

Vienna, March 30.—The entire Austro-Hungarian frontier has been closed by joint action of the two governments pending the final disposition of former Emperor Charles. The Spanish minister has asked for a pass to enable the former ruler to cross the country and it is reported Charles intends transferring the entire royal family to Spain.

Semi-official advices from Budapest say the Hungarian regent, Admiral Horthy is using the attempt of Charles to gain the throne to strengthen his own position as dictator.

AMERICANS HAVE NOT ASKED RETRIAL

Mosbach, Baden, March 30.—Neither Carl Neuf nor Franz Zimmer, American detectives recently sentenced to imprisonment for "illegal assumption of power" in attempting to arrest Grover C. Bergdoll, the American draft evader have asked for a re-trial of their case. The jail sentence of the men became effective last night.

SECOND ASSISTANT P. M. GENERAL RESIGNS

Washington, March 30.—Otto Kraeger, of San Antonio, Texas, second assistant postmaster general has resigned. It was announced today, and will vacate his office April 1. His successor, Leon Haver, said in announcing the resignation.

RENE VIVIANI CALLS AT WHITE HOUSE

Visit Afterward Announced as Merely One of Courtesy—Will Attend Cardinal Gibbons Funeral

(By The Associated Press)

WASHINGTON, March 30.—René Viviani former premier of France was received by President Harding at the white house today after he had formally presented his credentials as an envoy extraordinary to this country to Secretary Hughes at the state department.

M. Viviani was accompanied by Ambassador Jusserand and according to statements by officials the former premier's visit means nothing more than "one of courtesy."

It was intimated by those attached to his mission, however, that he would give an attentive ear to any suggestions involving the relations of France with the United States. The only formal announcement was one issued at the white house after the conference with President Harding, which said that M. Viviani called to pay the compliments and the good wishes of France to President Harding and added that he emphasized the desire of France to continue the friendship between the two republics and expressed gratitude to America for the great things done since his previous visit. Formal announcement was also made that President Harding would give a dinner at the white house in honor of M. Viviani's visit on April 5.

The conference at the state department lasted for an hour and a half and later Secretary Hughes called at the hotel where M. Viviani is stopping.

The only comment Mr. Hughes would make was an expression of his pleasure in receiving the former French premier and at the opportunity to renew an old acquaintance.

M. Viviani intends to go to Baltimore tomorrow, with Ambassador Jusserand to attend the funeral of Cardinal Gibbons. Tomorrow night he will attend a dinner given in his honor at the French embassy here.

LARGE BOULDER TO BE HEADSTONE FOR BURROUGHS

One Around Which He Played As Boy Will Be Used

GRAVE IS HIGH IN CATSKILL MOUNTAINS

(By The Associated Press)

POUGHKEEPSIE, N. Y., March 30.—A large boulder, upon which John Burroughs played as a boy and sat in study of nature as a man, will form the headstone of the grave where his body is to be interred next Sunday on the 84th anniversary of his birth.

The burial plot selected today by relatives of the naturalist who died suddenly yesterday is high in the Catskill Mountains at Roxbury. A landscape expert, accompanied a funeral director there today to plan a little park around the grave.

A few feet from the burial ground stands the old house in which Mr. Burroughs was born. A little distance away is "Woodchuck Hole" the summer camp of the naturalist.

His friends who enjoyed outings there—Thomas A. Edison, Henry Ford and H. S. Firestone—are expected to attend the funeral services Sunday at the naturalist's home, Riverby.

FIVE SEAMEN ARE DISCHARGED

New Orleans, La., March 30.—Five seamen brought here from Rio de Janeiro, recently charged with mutiny on the shipping board vessel City of Alton, and suspected of possible connection with the Wall street bomb explosion of last September, were discharged from custody today by United States Commissioner Brown.

The men, Philip Bender, Henry Elpan, Hans Raudin, L. Kupreoff and R. Dorsch, were examined by department of justice officials, but no evidence was found to warrant their being held longer, it was said.

MAKES TRIP USING JURY TITLER TO STEER WITH

San Francisco, Cal., March 30.—The Schooner J. Wood arrived today from Faisl, a Solomon Island port having used a jury titler in steering almost all the way the rudder head having been carried away in a storm 300 miles off the Solomon Islands. The storm damaged the deck of the schooner and rendered her helpless until the jury titler was rigged up.

WILL MAKE REDUCTION IN SHIPPING BOARD VESSELS

Washington, March 30.—Substantial reduction in the number of operators of shipping board vessels and the amount of government tonnage on ocean trade routes will be made shortly. In their interest of economy and efficiency, Chairman Benson announced tonight.

Trade routes will be maintained the chairman declared but because of the shortage in shipping it will be advisable to reduce the tonnage to the workable minimum.

COUNT BETHLEN IS EMPOWERED TO ACT FOR STATE'S SAFETY

Has Been Sent to the Austrian Border as Plenipotentiary for Regent Horthy—Emperor Charles Seeks Refuge in Hungary— Says That Former Monarch was Misled

(By The Associated Press)

BUDAPEST, March 30.—Count Stefan Bethlen, fully empowered to act for the safety of the state as the plenipotentiary of Regent Horthy has been sent to Steinamager near the Austrian border where Former Emperor Charles has taken refuge after his vain attempt to regain the Hungarian throne.

Count Bethlen at one time adviser to the former premier Archduke Joseph, has a strong force of troops at his disposal to suppress any civil war movement should any be attempted. Premier Teleky and Count Julius Andrássy, former foreign minister and friend of Charles accompanied Count Bethlen to endeavor to persuade Charles to leave Hungary immediately.

MANY ARGUMENTS FOR AND AGAINST DEEP WATERWAY

Speakers Say it is Essential to Future Prosperity

NEW YORK MAN SPEAKS AGAINST IT

(By The Associated Press)

DETROIT, Mich., March 30.—Arguments for and against development of the St. Lawrence waterway were submitted today at the opening of the final hearing of the international joint commission. Representatives of middlewestern states and of Canada made pleas for the waterway, while Henry W. Hill of Buffalo, former New York state senator argued against it.

C. S. Latchow, secretary of the Farmers & Grain Dealers association of Ohio and representing the National Grain Dealers' association, declared the proposed waterway was essential to the future prosperity of American and Canadian farmers. He declared Danish butter was being sold in North America cheaper than American butter could be marketed because of advantages in transportation.

Amid stormy scenes today a mass meeting called by the farmers' party adopted a resolution asserting that "Charles and all the Hapsburgs have been definitely been dethroned."

The newspapers have not been permitted to publish news of the attempted coup, but it gradually is being learned by the public.

Says Charles Was Misled
London, March 30.—Official circles expressed today that former Emperor Charles in his attempt to take the throne of Hungary was misled by monarchists who told him the time was ripe for a return. The advice of Horthy to Charles to leave the country immediately is here as substantiating the fact that there is no support for monarchist hopes there.

The Hungarian regent is it is said that while the Hungarian elements who welcome a restoration monarchy, the great majority of the people are convinced Hapsburgs, and Hapsburgs, cannot a royal power. It is will all Charles will enter some other nation, and not make a further return to Hungary.

Tell of Benefits.
B. R. Inman of Indianapolis, representing the Indiana State Chamber of Commerce declared the waterway would aid in repopulating American farms by providing cheaper transportation for farm products.

Former Governor W. L. Harding of Iowa declared the waterway would insure prosperity for the United States and Canada for years to come.

A. C. Lewis, secretary-treasurer of the Canadian water and power association and James H. Duffy, secretary of the National Waterways association of Canada both of Toronto presented a plea for the waterway. They declared a water route from the great lakes to the Atlantic was necessary for the expansion of Canada and declared the possibilities of electric power were unlimited.

EMPLOYERS ORGANIZE FOR OPEN SHOP PLAN

Cincinnati, O., March 30.—One hundred and twenty delegates, representing 5,024 book and job printing shops, today organized the Fifty-eight Hour League of America—a national organization of employing printers, operating both closed and open shops. Resolutions were passed unanimously pledging that all shops represented refuse to accede to any demand from any labor union to operate their shops on the basis of less than forty-eight hours.

ALL COMMISSIONS TO BE PLACED UNDER ONE HEAD

Albany, N. Y., March 30.—The Knight Adler Traction bill re-organizing the public service commissions into one commission, with statewide powers and creating a transit commission of three members to deal with the traction problems confronting the City of New York was signed by Governor Miller today.

DR. E. F. NICHOLS HEADS CARNEGIE INSTITUTE

Cambridge, Mass., March 30.—The election of Dr. E. F. Nichols, former president of Dartmouth College as president of Carnegie Institute of Technology was announced today by the corporation of the institute. He takes office July 1. Dr. Nichols also was professor of Physics at Yale.

Somehow one feels more hopeful about the railroad situation from the statement that President Harding is earnestly seeking a remedy than if the statement gave specific promise of early relief.

The knowledge that the president and his seasoned advisers consider the railroad question as vital and basic and are intent upon some solution, gives the best possible promise that the way out of the darkness will eventually be found.

Twisted. A well known Jacksonville Democrat yesterday submitted this apt comment: "We were advised by the allies that our way for participating in the war would be Yap. But it now develops that they meant we were to be the yap who pays."

An Omaha minister has been given a lot of newspaper publicity because he has performed 5,000 marriages in the past forty-six years. If a certain Jacksonville minister increases his own record of recent years for a 45-year period, his total will not be far behind that of the western clergyman.

Altho notices were only recently sent out about Jacksonville wheel tax, already more than 160 owners have paid. This prompt action indicates that those who own cars feel that the vehicle tax is for the general good and that the special fund thus created will be wisely used for the improvement of traffic conditions.

Some of the newspapers that find much to criticize in the productions of motion picture men might with profit apply some of the censorship they advocate to the Stillman divorce suit. Almost every day some new angle of this case is aired and the writers don't mince words and leave little or nothing to the imagination.

While feeling sorrowful about the damage done to ruit and grain crops by the heavy frost, it would be just as well to remember about the benefit of the frost. Freezing a certain amount adds something to its fertility, but the greatest benefit of this last frost, it is said, is in the killing of millions of crop injuring insects.

FOR DISABLED EX-SERVICE MEN Gov. Small is planning for the immediate and permanent care of mentally disabled ex-service men and the program will certainly have the approval and support of loyal citizens of the state. There is something particularly appealing about this class of disabled veterans, and the best care for them will be none too good. One provision is for the erection of cottages at certain hospitals for the insane, where the men may be separated from other classes of mental disturbance.

The whole plan gives indication of the purpose to accord these men to whom the state and nation owes a debt the best that sympathy and experience can provide.

Wesleyan University, Middletown, Conn., is planning to complete its \$3,000,000 campaign with a ten-days' drive, beginning April 15.

Two millions and a quarter dollars have been secured to date, and the alumni of the university have assumed the obligation to get the remaining \$750,000 on schedule time.

There is an extra incentive to putting the campaign over the top in the promise of the general education board to give \$400,000 to Wesleyan, provided the university raises \$1,200,000 in pledges and subscriptions.

A feature of the Wesleyan plan is the assuming by every alumni of the obligation to get or give an individual quota of \$260, a sum which, multiplied by the total number of alumni, will produce the \$750,000 necessary to reach the \$3,000,000 goal.

Dean Davenport of State Agricultural College Urges Use of Nitrogen in Apple Orchards.

Urbana, Ill., March 28.—(By A. P.)—Experiments show that most of the apple-growing regions of Southern Illinois will profit by the addition of nitrogen in some form or another. It is announced by Dean Davenport of the State Agricultural college and experiment station. Even in the corn belt, where nitrogen content runs high, if the apple orchards are in sod, they do not have enough available nitrogen to supply their needs, the report says.

Experiments conducted by the Horticultural Department of the University of Illinois in a large orchard at Neoga, in Cumberland county, showed as the result of five years' experiments, an increased fruit production of 27 barrels per annum. This orchard was in a high state of cultivation and reasonably fertile when the experiment began. Even greater results might, therefore, be expected from neglected orchards.

There are several practical ways in which the deficiency of nitrogen may be made good: First if there is a considerable quantity of organic matter in the soil not yet decomposed, it may be made available by drainage and cultivation. Second, the amount of nitrogen may be absolutely increased by the addition of stable manure which supplies from 10 to 15 pounds per ton, depending upon its kind, moisture content and the amount of litter present, all of which is somewhat slowly available. Third, leguminous green manures, such as sweet clover, may be made to add from 10 to 15 pounds per ton, also slowly available. Fourth, nitric blood may be added, supplying from 200 to 280 pounds of quickly available nitrogen per ton. Fifth, sulphate of ammonia supplies from 290 to 420 pounds of very quickly available nitrogen per ton. Last, nitrate of soda, is a favorite source of nitrogen, because it supplies from 300 to 320 pounds of immediately available nitrogen per ton.

A good rule by which to determine the advisability of fertilizing a bearing apple orchard is this: If the trees are growing slowly and bearing poorly, heavy fertilizing is needed; if they are bearing abundantly, then light to moderate fertilizing is sufficient; if they are growing very rapidly and bearing poorly, fertilizing should be withheld.

Experiments seem to indicate that full sized bearing apple trees need from five to 20 pounds of nitrogen per year, depending upon the size of the crop. As the roots of the trees extend approximately even with the tops, the fertilizer should be sown broadcast over the entire area and ground covered by the spread of the branches.

PHILADELPHIA H. S. GIRLS ADOPT RULES New Order Imposes Ten O'Clock Deadline for Romeos

Philadelphia, March 28.—The "vamp" type of flapper, who talks slang, chews gum, uses rouge and entertains boys at her home until midnight, will be barred in this city. The movement has started among the girls at South Philadelphia high school and they have all agreed to obey the manual of manners, which has been prepared by the faculty. One of the most important rules is the establishment of a 10 o'clock deadline for Romeos.

To emphasize the provisions of the manual, moving pictures are being made to be exhibited to the pupils. These will show the girls what not to do. The pictures will show girls smoking cigarettes, putting their feet on the table and acting otherwise indecorously.

Here are some of the rules in the new manual: Girls should be simply and inconspicuously dressed at all times. It is bad taste to wear party dresses to school.

Avoid high French heels. Avoid the bad taste of using rouge, too much powder, too striking hats, extreme décolleté, too short skirts, unsuitable shoes and stockings, excessive jewelry. Avoid loud talking and laughing.

A girl should not take a boy's arm on the street. Manicuring should be done only in the privacy of one's home. Do not grunt, "Uh-huh," when you mean "yes."

When invited to the theatre and if asked your preference in plays, keep in mind the ability of the boy to pay for seats. Discourage extravagance on his part.

Refrain from reading aloud explanations on screens or movies. Do not speak of illness, operations or vermin. Topics of conversation should be pleasant.

ROTARY CLUB ELECTION FRIDAY More than usual interest attaches to this week's session of the Rotary club, which will be held Friday noon at the New Pacific, because of the annual election of directors. The officers are chosen from the directors.

HOSPITAL AID TO MEET The Passavant Hospital Society will meet at 2 o'clock this afternoon, at the hospital.

RED RIVER EARLY Ohio Seed Potatoes, only 98c bu. ECONOMY Cash Groceries

OLD JACKSONVILLE ANOTHER WEDDING AND ACQUAINTANCES (BY ENSLEY MOORE) Vice President Illinois State Historical Society

It was quite a while ago that Robert Morrison left Greenbrier county, then in Virginia, now in West Virginia, and sallied forth into Ohio, and then pioneered along to Illinois and settled on a farm near Naples, in Scott county, then a part of Morgan.

Mr. Morrison found the soil of Illinois the richest he ever knew. But after storekeeping in Naples, and farming out toward Pisgah, in Morgan "Uncle Bobbie" dwelt a while at Ashland, in Cass. Still unsatisfied he followed his boys westward, and died in southwestern Iowa. Some of his boys kept going, and Tom now homes out near Los Angeles, in the "Golden State."

John G. Mr. Morrison's oldest son went from Jacksonville to St. Paul, Nebraska, then to California for a short time, where he lost his wife Mary Rees, and then came back to Nebraska. There he found Ella King Smith, formerly of Jerseyville, Ill., and Quincy, and they renewed a college and school attachment, and were married at Lincoln, Mrs. Smith's home. That was John G.'s home thereafter till they took him out to Wyerka cemetery, at Lincoln, in the year 1900.

Meantime, Robert Morrison's daughter Josephine Pierson and Mrs. William McMillan had found homes in Iowa and Omaha, where they still remain. Both are graduates of the Illinois Woman's College, and Mrs. McMillan has reached eighty-one years of age; with many descendants. Mrs. Pierson had a son and daughter, the son now being the only survivor of them. John and Ella King Morrison.

So Old Morgan had its full representation of the pleasing occasion in Wayne. The World is said to be wide, wide, and Time is said to be long; but the world becomes smaller as the years roll along.

It Was Not Singular that Mrs. McMillan and Mrs. Pierson, and the "O. J." man fell into reminiscences of Naples and Scott, of Jacksonville and Morgan county, of "the Methodist" and Illinois College, and of Tom Pierson and the Dimmitts, of the Hollowbush, and John Carver, and of the good old days when they were all young, "back East."

THE BANQUET FOR FRANKLIN BASKETBALL BOYS Banquet and Program Tuesday Evening in Honor of Basketball Teams of Franklin High School.

Franklin, March 30.—A banquet was served Tuesday evening in honor of the basketball boys of the local high school. There were more than 125 persons present and the occasion was one of great interest and enthusiasm.

A very excellent menu was served by the girls of the domestic science department and later an interesting program was carried out. Parents and friends of the boys who had supported them during the winter months were invited, and a number of tickets were disposed of, thus defraying the expenses of the banquet.

The principal speaker of the evening was Coach W. T. Harmon of Illinois College, who discussed athletics in a very interesting way. Other speakers were Cullen Sweet, captain of the first team of the Franklin school, and Lester Whitlock, captain of the second team. B. E. Asplund was also heard in brief remarks.

The program also included the following: Duet—Ruth McLamar and Truth Votsmier. Reading—Lillian Tranbarger. Song—Students.

The project of a new school building in Franklin is just now receiving special attention and this subject was referred to by several of the speakers. It is hoped that interest in the project will reach a point that the building will become a reality in the not distant future. A gymnasium is one of the features which is being advocated by those particularly interested in athletics.

MUSICIANS GRAND BALL TUES. eve., April 5, Armory hall. Two large orchestras. Continuous music.

MANCHESTER A play entitled "A Laughing Cure," a two act drama was presented by the Christian Sunday school in the Weis Hall Wednesday night. A goodly number were present and the evening enjoyed by all. The cast of characters follows:

Mr. George Perry—A young doctor—Gregory Sloan. Jimmy Mason—Mrs. Hanson's brother—Raymond Whitlock. Dr. Whitcom—Jesse Blake-man. Clarence Hanson—A business man—Emory Garner. Laura Hanson, his wife—Gladys Garner.

Jay Hanson—His sister—Helen Ellington. Kitty Clyde—A stenographer—Mildred Ellington. Mary Ellen Perry—A neighbor—Mildred Garner. Norah—The maid—Bernita Howard.

Mrs. J. T. Andras, Jr., was taken to the Passavant hospital for treatment Monday. A large number of people from here attended Easter services at Roodhouse Sunday.

WEDNESDAY CLASS MET WITH MRS. ELLIOTT Miss Lillian Gold of Flint, Mich., sister of Mrs. F. S. Hayden, was in charge of the program of Wednesday class at a meeting held at the home of Mrs. Frank Elliott on West State street Wednesday afternoon. The life and works of Thomas Gray furnished the theme for a very interesting presentation and discussion.

REXROAT & DEPPE (Opp. City Hall)

SPORTING NEWS HAS ANNUAL DOPE BOOK OUT.

First signs of the arrival of the baseball season of 1921 were evident with the departure of the major league players for their training camps, but that the season has surely arrived is now certain with the appearance of the first schedule and record book. As usual it is The Dope Book, published by C. C. Spink & Son, St. Louis, Mo., publishers of "The Sporting News."

A new feature of this book this year is the appearance of practically all the minor league schedules in connection with the major league dates given day by day. Special attention is also devoted to playing records of the past year, such as "Babe" Ruth's home run record, George Sisler's remarkable performance during 1920, etc., etc. Complete biographies of all stars of the major league teams, instructions on how to score, baseball abbreviations and hundreds of other important subjects are featured.

If you want one of these booklets, vest-pocket in size, that may be carried at all times as a settler of arguments, you may have a copy by simply sending ten cents to C. C. Spink & Son, St. Louis, Mo., who will forward one of them promptly to the readers of this paper.

Hear Prof. Clark read "King Lear" Friday afternoon and "Androcles and the Lion" Friday evening, at I. W. C. Admission to each performance, \$1. Tickets on sale at Brown's Music Store.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply easily and quickly made. Saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home and costs a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It's quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract famous for healing the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home and costs a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It's quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract famous for healing the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

TODAY Special All-Star Cast THE SPENDERS

A crafty crowd of crooks thought they had an easy mark in Percival—but he fooled them, aided by Uncle Peter, who played "the maverick" just as cleverly as he played poker. Then they tried to "frame up" Percival and, Boy! how that lad from the West could fight! And in the end he picked the girl of his heart up in his arms and went back to the West again. It's a wonderful picture of a wonderful story.

sible promise that the way out of the darkness will eventually be found

TWISTED A well known Jacksonville Democrat yesterday submitted this apt comment: "We were advised by the allies that our pay for participating in the war would be \$100,000. But it now develops that they meant we were to be the yep who pays."

An Omaha minister has been given a lot of newspaper publicity because he has performed 5,000 marriages in the past forty-six years. If a certain Jacksonville minister increases his own record of recent years for a 46-year period, his total will not be far behind that of the western clergyman.

Altho notices were only recently sent out about Jacksonville wheel tax, already more than 160 owners have paid. This prompt action indicates that those who own cars feel that the vehicle tax is for the general good and that the special fund thus created will be wisely used for the improvement of traffic conditions.

Some of the newspapers that find much to criticize in the productions of motion picture men might with profit apply some of the censorship they advocate to the Sullivan divorce suit. At most every day some new angle of this case is aired and the writers don't mince words and leave little or nothing to the imagination.

While feeling sorrowful about the damage done to ruit and grain crops by the heavy frost, it would be just as well to remember about the benefit of the frost. Freezing of the ground adds something to its fertility, but the greatest benefit of this last frost, it is said, is in the killing of millions of crop injuring insects.

FOR DISABLED EX-SERVICE MEN

Gov. Small is planning for the immediate and permanent care of mentally disabled ex-service men and the program will certainly have the approval and support of loyal citizens of the state. There is something particularly appealing about this class of disabled veterans, and the best care for them will be none too good. One provision is for the erection of cottages at certain hospitals for the insane, where the men may be separated from other classes of mental disturbance.

The whole plan gives indication of the purpose to accord these men to whom the state and nation owes a debt the best that sympathy and experience can provide.

EASTERN UNIVERSITY BEGINS CAMPAIGN

Wesleyan University, Middletown, Conn., is planning to complete its \$3,000,000 campaign with a ten-days' drive, beginning

April 15. Two millions and a quarter dollars have been secured to date, and the alumni of the university have assumed the obligation to get the remaining \$750,000 on schedule time.

There is an extra incentive to putting the campaign over the top in the promise of the general education board to give \$400,000 to Wesleyan, provided the university raises \$1,200,000 in pledges and subscriptions.

A feature of the Wesleyan plan is the assuming by every alumni of the obligation to get or give an individual quota of \$260, a sum which, multiplied by the total number of alumni, will produce the \$3,000,000 necessary to reach the \$3,000,000 goal.

RETARDED SPRING.

(On the Death of John Burroughs.)

Returning bluebirds stop along the way To mourn, and warble melancholy notes; Spring-beauties, out already from their coats, Withdraw their blooms, and droop their heads today. The east-wind whistles among the budding trees; The sun that yesterday was friendly, shrouds Himself behind a bank of misty clouds; The hills are quivering and ill at ease.

The tears of Mother Nature wet the leaves, For of her sons the one who loved her best— The one who nestled closest to her breast— Lies dead. Yet even as she weeps and grieves, She feels a mild caress, and knows that he— Her best-loved wanderer—has been made free.

(Note: This sonnet was written Wednesday evening by Wayne Gard, one of the many local admirers of John Burroughs, who was somewhat acquainted with him thru correspondence. On December 31, 1920, Mr. Burroughs, who was then in La Jolla, California, wrote Gard a letter with his own hand. In this he commented on some of Gard's nature poems which he had read, saying: "I think you are good—so good that I think one of these days you will write poems that will last.")

PROTECT BIRDS AT MAUVAISTERRE LAKE

A Jacksonville man has recently made the suggestion that whatever action is necessary should be taken, in order to make Mauvaisterre lake property a game preserve. As such it would have the protection of the federal government and make unlawful the killing of migratory birds. With such protection it is very likely that at certain seasons of the year numerous wild ducks and other birds would be found here.

The presence of these birds would add greatly to the attractiveness of the park, into which the city eventually hopes to develop the Mauvaisterre lake property. The suggestion is one that should have the attention of park board or city authorities.

If migratory birds are to be increased or their present numbers maintained, it is necessary to conserve water and marsh areas, say specialists of the biological survey of the United States Department of Agriculture. Small lakes, swamps along coasts or inland, or marsh areas are used for feeding, resting and rearing their young, and it is absolutely essential that during their migration and in winter the birds have these necessary places in which to live.

Reports received by the biological survey during the last few months from all parts of the country agree that the former alarming decrease in migratory wild towls, which preceded the treaty and the act of congress for the protection of migratory birds, has changed to a marked increase. This successful outcome of a great conservation measure has become apparent even more promptly than was anticipated. The first important step toward insuring the perpetuation of wild wot—without question, a great national asset, has been achieved. Another step of almost vital importance, the specialists say, consists in the conservation of lakes and marsh areas.

GOMPERS TO THE RADICALS

(From the Birmingham Post-Herald.)

Samuel Gompers, president of the American Federation of Labor, does not mince words in his lengthy communication to the central trades unions of Kalamazoo, Mich., Phoenix, Ariz., Laramie, Wyoming, and other similar labor bodies that have adopted resolutions condemning the Russian administration because of its Russian stand, as subservient to capital.

It is to President Gompers' lasting credit that from the first he has recognized the base character of the Russian soviet government and has not hesitated to warn organized labor in this country repeatedly against becoming involved in any way with the Bolsheviks. In his letter he says: "It is past understanding how American citizens can aid and comfort a propaganda that has for its purpose the destruction of the labor trades movement in America and the overthrow of our republic."

President Gompers does well to quote from the numerous official announcements of the Russian government as to the necessity of "militarization of labor" and to call attention to the measures taken by Trotsky to force the return to work of railway and bank employees who had "voluntarily" quit their positions. He puts this pointed question: "Does the Kalamazoo Trades and Labor Council support this program for the United States?"

"Those members of organized labor in this country who are criti-

cizing President Gompers' refusal to endorse the Russian soviet government and to argue its recognition by the United States, are either Bolsheviks—themselves or, as President Gompers points out, are basing their conclusions upon "utter misinformation" of the true situation in Russia. Their attacks President Gompers with the true American element of organized labor, but with all the people as well.

DECLARES NITROGEN BENEFITS APPLE TREES

Dean Davenport of State Agricultural College Urges Use of Nitrogen in Apple Orchards.

Urbana, Ill., March 28.—(By A. P.)—Experiments show that most of the apple-growing regions of Southern Illinois will profit by the addition of nitrogen in some form or another. It is announced by Dean Davenport of the State Agricultural college and experiment station. Even in the corn belt, where nitrogen content runs high, if the apple orchards are in sod, they do not have enough available nitrogen to supply their needs, the report says. Experiments conducted by the Horticultural Department of the University of Illinois in a large orchard at Neoga, in Cumberland county, showed as the result of five years' experiments, an increased fruit production of 27 barrels per annum. This orchard was in a high state of cultivation and reasonably fertile when the experiment began. Even greater results might, therefore, be expected from neglected orchards. The report adds:

There are several practical ways in which the deficiency of nitrogen may be made good: First if there is a considerable quantity of organic matter in the soil not yet decomposed, it may be made available by drainage and cultivation. Second, the amount of nitrogen may be absolutely increased by the addition of stable manure which supplies from 10 to 15 pounds per ton, depending upon its kind, moisture content and the amount of litter present, all of which is somewhat slowly available. Third, leguminous green manures, such as sweet clover, may be made to add from 10 to 15 pounds per ton, also slowly available. Fourth, dried blood may be added, supplying from 200 to 280 pounds of quickly available nitrogen per ton. Fifth, sulphate of ammonia supplies from 230 to 420 pounds of very quickly available nitrogen per ton. Last, nitrate of soda, is a favorite source of nitrogen, because it supplies from 300 to 320 pounds of immediately available nitrogen per ton.

A good rule by which to determine the advisability of fertilizing a bearing apple orchard is this: If the trees are growing slowly and bearing poorly, heavy fertilizing is needed; if they are bearing abundantly, then light to moderate fertilizing is sufficient; if they are growing very rapidly and bearing poorly, fertilizing should be withheld.

Experiments seem to indicate that full sized bearing apple trees can take from five to 20 pounds of nitrogen per year, depending upon the size of the crop. As the roots of the trees extend approximately even with the tops, the fertilizer should be sown broadcast over the entire area of ground covered by the spread of the branches.

PHILADELPHIA H. S. GIRLS ADOPT RULES

New Order Imposes Ten O'Clock Deadline for Romances

Philadelphia, March 28.—The "vamp" type of flapper, who talks slang, chews gum, uses rouge and entertains boys at her home until midnight, will be barred in this city. The movement has started among the girls at South Philadelphia high school and they have all agreed to obey the manual of manners, which has been prepared by the faculty. One of the most important rules is the establishment of a 10 o'clock deadline for Romances.

To emphasize the provisions of the manual, moving pictures are being made to be exhibited to the pupils. These will show the girls what not to do. The pictures will show girls smoking cigarettes, putting their feet on the table and acting otherwise indecorously. Here are some of the rules in the new manual:

Girls should be simply and inconspicuously dressed at all times. It is bad taste to wear party dresses to school.

Avoid high French heels. Avoid the bad taste of using rouge, too much powder, too striking hats, extreme décolleté, too short skirts, unsuitable shoes and stockings, excessive jewelry. Avoid loud talking and laughing.

A girl should not take a boy's arm on the street. Manicuring should be done only in the privacy of one's home. Do not grunt, "Uh-huh," when you mean "yes."

When invited to the theatre and if asked your preference in plays, keep in mind the ability of the boy to pay for seats. Discourage extravagance on his part.

Refrain from reading aloud explanations on screens or movie.

Do not speak of illness, operations or vermin. Topics of conversation should be pleasant.

ROTARY CLUB ELECTION FRIDAY

More than usual interest attaches to this week's session of the Rotary club, which will be held Friday noon at the New Pacific, because of the annual election of directors. The officers are chosen from the directors.

HOSPITAL AID TO MEET

OLD JACKSONVILLE ANOTHER WEDDING AND ACQUAINTANCES

(BY ENSLEY MOORE) Vice President Illinois State Historical Society

It was quite a while ago that Robert Morrison left Greenbrier county, then in Virginia, now in West Virginia, and sailed forth into Ohio, and then pioneered along to Illinois and settled on a farm near Naples, in Scott county, then a part of Morgan.

Mr. Morrison found the soil of Illinois the richest he ever knew. But after storekeeping in Naples, and farming out toward Pisgah, in Morgan "Uncle Bobbie" dwelt a while at Ashland, in Cass. Still unsatisfied he followed his boys westward, and died in southwestern Iowa. Some of his boys kept going, and Tom now homes out near Los Angeles, in the "Golden State."

John G. Mr. Morrison's oldest son went from Jacksonville to St. Paul, Nebraska, then to California for a short time, where he lost his wife Mary Rees, and then came back to Nebraska. There he found Ella King Smith, formerly of Jerseyville, Ill., and Quincy, and they renewed a college and school attachment, and were married at Lincoln, Mrs. Smith's home. That was John Smith's home. That was John G.'s home thereafter till they took him out to Wyerka cemetery, at Lincoln, in the year 1910.

Meantime, Robert Morrison's daughter Josephine Pierson and Mrs. William McMillan had found homes in Iowa and Omaha, where they still remain. Both are graduates of the Illinois Woman's College, and Mrs. McMillan has reached eighty-one years of age; with many descendants. Mrs. Pierson had a son and daughter, the son now being the only survivor of them. John and Ella King Morrison.

BANQUET FOR FRANKLIN BASKETBALL BOYS

Banquet and Program Tuesday Evening in Honor of Basketball Team of Franklin High School.

Franklin, March 30.—A banquet was served Tuesday evening in honor of the basketball boys of the local high school. There were more than 125 persons present and the occasion was one of great interest and enthusiasm. A very excellent menu was served by the girls of the domestic science department and later an interesting program was carried out. Parents and friends of the boys who had supported them during the winter months were invited, and a number of tickets were disposed of, thus defraying the expenses of the banquet.

The principal speaker of the evening was Coach W. T. Harmon of Illinois College, who discussed athletics in a very interesting way. Other speakers were Cullen Sweet, captain of the first team of the Franklin school and Lloyd Whitlock, captain of the second team. B. E. Asplund was also heard in brief remarks.

The program also included the following: Duets—Ruth McLamar and Ruth Votsmier. Reading—Lillian Tranbarger. Song—Students.

The project of a new school building in Franklin is just now receiving special attention and this subject was referred to by several of the speakers. It is hoped that interest in the project will reach a point that the building will become a reality in the not distant future. A gymnasium is one of the features which is being advocated by those particularly interested in athletics.

Musicians Grand Ball Tues. eve., April 5, Armory hall. Two large orchestras. Continuous music.

SPORTING NEWS HAS

ANNUAL DOPE BOOK OUT.

First signs of the arrival of the baseball season of 1921 were evident with the departure of the major league players for their training camps, but that the season has surely arrived is now certain with the appearance of the first schedule and record book. As usual it is the Dope Book, published by C. C. Spink & Son, St. Louis, Mo., publishers of "The Sporting News."

A new feature of this book this year is the appearance of practically all the minor league schedules in connection with the major league dates given day by day. Special attention is also devoted to playing records of the past year, such as "Babe" Ruth's home run record, George Sisler's remarkable performance during 1920, etc., etc.

Complete biographies of all stars of the major league teams, instructions on how to score, baseball abbreviations and hundreds of other important subjects are featured.

If you want one of these booklets, vest-pocket in size, that may be carried at all times as a settler of arguments, you may have a copy by simply sending ten cents to C. C. Spink & Son, St. Louis, Mo., who will forward one of them promptly to the readers of this paper.

Hear Prof. Clark read "King Lear" Friday afternoon and "Androcles and the Lion" Friday evening, at I. W. C. Admission to each performance, \$1. Tickets on sale at Brown's Music Store.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply easily and quickly made. Saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses—honey, or corn syrup instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract famous for healing the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex with directions and don't accept any thing else. Guaranteed to give absolute relief or money refunded. The Pinex Co., St. Wayne, Ind.

Rheumatism Is Best Treated

Internally Through the Blood

Medical science now recognizes that the ailment we call rheumatism is often caused by impurities in the blood which manifest their presence by those aches and pains which torture so many sufferers. Though outside, rubbed-on treatments may relieve the pain for a time, they do not cleanse the blood and remove the cause of the trouble.

For lasting relief, you should take a good alternative blood remedy, which will counteract the effects of a circulation full of impurities. Such a remedy is S.S.S., the old reliable vegetable medicine that has been used with great success in thousands of rheumatic cases over a period of more than fifty years.

Get S.S.S. from your druggist today—right now—and start taking it at once. Then if you will write us a history of your individual case, we will gladly give you without a special expert medical advice. Address Chief Medical Adviser, 835 Swift Laboratory, Atlanta, Georgia.

HAYS CALLS FOR MEETING OF BIG TOWN POSTMASTERS

Heads of Offices in Nine Large Cities To Confer

NEW POSTMASTER GENERAL COMMENTS

(By The Associated Press) WASHINGTON, March 30.—Postmasters at New York, Chicago, St. Louis, Detroit, Washington, Baltimore, Cleveland, Boston and Philadelphia have been called in by Postmaster General Hays to attend the first of the departmental conferences on mail service conditions next Monday, it was announced today.

Obviously if there is any congestion of mail or obstacles interfering with the postoffice operations in the country it must be in the larger cities, Mr. Hays said. It is in the larger centers that the

difficulties exist and the men we have asked to come here are those who know most about the actualities.

"I've just been going over the record of the New York office. It finds 335,000 pieces of misdirected mail every day—which should never be; gets 300 pieces with no addresses of any kind; looks up 40,000 pieces daily which have no street addresses and takes in and disburses \$750,000,000 annually.

"That may give you some idea of the magnitude of the operations entailed."

INCORPORATION PAPERS ISSUED

Springfield, Ill., March 30.—Corporation papers were issued here today to the following concerns:

Continental and Commercial Acceptance Corporation, Danville, 300,000; to do general manufacturing, contracting, brokerage and real estate business.

Heim Service Company, Aurora, 10,000; general transportation, freight and express business.

The Peoria Opera House Company filed notice of reduction of capital stock from \$40,000 to \$14,000.

AKRON FRANCHISE GOES TO NEWARK

Auburn, N. Y., March 30.—Transfer of the franchise and players of the Akron, O., International baseball club to Newark, N. J., was announced officially today by the board of arbitration of the National Association of Professional Baseball Leagues.

MYERS WINS MATCH FROM LOUIS PALAVER

Chicago, March 30.—Johnny Meyers of Chicago, claimant of the world's middleweight wrestling championship tonight defeated Louis Palaver of Chicago, by winning the second and third falls in 29:30 and 9:05 with a double wrist lock and a hammerlock.

FORMER BACKER OF JOHN L. SULLIVAN DEAD

Brookline, Mass., March 30.—William Hogarty, 72, known in the '80s as the "sporting barber" backer of John L. Sullivan, America's heavyweight prize fight champion, died of apoplexy at his home here today.

HERMAN SCORES TECHNICAL KNOCKOUT

New York, March 30.—Pete Herman, former bantamweight champion, scored a technical knockout over Willie Spencer of this city in the twelfth round of a scheduled fifteen round bout tonight. Spencer weighed 117½ pounds and Herman 120.

ZBYSKO DEFEATS ALLAN EUSTACE

Kansas City, Mo., March 30.—Stanislaus Zbyszko, Polish wrestler, defeated Allan Eustace, Wake-

field, Kans., in straight falls in their wrestling match here tonight.

BIG EXCITEMENT IN HAVANA

Havana, March 30.—Jose R. Capablanca, the Cuban chess master, tonight defeated Dr. Emanuel Lasker, the German expert, in the fifth game of the international series for the world's championship.

REYNOLDS RETAINS TITLE

Peoria, Ill., March 30.—Jack Reynolds of Cedar Rapids, Iowa, claimant of the welterweight wrestling championship, defeated Jack Collins of Montreal, Canada, in straight falls in a match here tonight. Joe Risberg of Galesburg, Illinois, won from Mike Stein of Peoria.

WON 100 YARD SWIM

Cleveland, Ohio, March 30.—Miss Charlotte Boyle of the New York swimming association won the National A. A. U. 100 yard swim for women at the Cleveland Athletic Club tonight in one minute, 7 1-5 seconds, within one second of the record for the distance. Margaret Woodbridge of the Detroit Athletic Club was second.

TATE SHADES MENDELSSOHN

Milwaukee, Wis., March 30.—Clonie Tate, lightweight champion of Canada was given a shade verdict over Johnny Mendelsohn, Milwaukee lightweight in newspaper decisions in a ten round, no decision boxing contest here tonight.

CHIPERFIELD IS NAMED FOR JUDGE

Canton Man Wins Republican Supreme Court Nomination at Monmouth Convention.

Monmouth, March 30.—Claude E. Chipperfield, of Canton was nominated as Republican candidate from the 4th supreme court judicial district here today. Mr. Chipperfield's nomination came on the 6th ballot, when the final vote was: Chipperfield, 93; Dietz, 67; Martin, 13; Jarman, 10. C. H. Wood was one of the candidates and his strength went to Chipperfield on the final ballot, giving the Canton man the nomination.

Mr. Chipperfield was a candidate for the nomination two years ago, when the convention selected George H. Wilson of Quincy as the opponent of Floyd E. Thompson of Rock Island, who was subsequently elected and is now the Democratic nominee to succeed himself.

FEW LOCAL BUILDINGS NOT PROPOSED

The building season is at hand in Jacksonville but without the prospect of any great activity. There is a known shortage of houses but reluctance continues on the part of the people to build while present costs prevail. Contractors say that unless there are some further reductions in the cost of building materials and unless the workers are willing to accept some moderate reduction in pay, that the season does not give promise of much activity.

It is hoped that some way can be found to encourage building for some additional houses are greatly needed here, and a quiet season will make it hard for labor both during the summer and in the later months. It is the need for employment that is making many people advocate the building of good roads now regardless of the extremely high prices.

LIEUT. CONEY DIES FROM INJURIES

Natchez, Miss., March 30.—Lieutenant W. D. Coney, injured last Friday morning near Crowley, La., while attempting a trans-continental flight from Jacksonville, Fla., to San Diego, Calif., died late today.

The lieutenant's back was broken in a fall, and complete paralysis of his body from the chest down resulted. He was attempting to lower his previous record of 22 hours, 27 minutes actual flying time from coast to coast, when forced down by engine trouble.

Lieutenant Coney was a resident of Brunswick, Ga., and saw service on the Mexican border in 1916. During the World War he was a flying instructor in the army air service. He was 27 years old.

"POLISHED PEBBLES" REPEATED TUESDAY NIGHT

The operetta, "Polished Pebbles," was presented at the David Prince school last night by the high school cast. The success of the original production was duplicated and the large attendance was pleased and entertained. The price of admission had been made low in order to make it possible for all school children to attend. There was a satisfactory financial showing but the greatest return was in the pleasure given to a large number.

AIR MAIL CARRIER GETS SOME SPEED

Cheyenne, Wyo., March 30.—Flying at a rate of nearly two and one half miles a minute, Pilot Harry G. Smith of the Aerial Mail service, today is believed to have established a record for speed between Rock Springs, Wyo., and Cheyenne, according to information given out at the local aviation station.

BUYS LOTS IN MOUND SIDE ADDITION

J. E. Osborne, county commissioner, has recently purchased from D. N. James 47 lots in Mound Side addition. This is a property with a frontage on Lincoln avenue and the 47 lots make up about 8 acres of land. Mr. Osborne will use the land for crop purposes unless he decides later to dispose of the property in building sites.

REAL ACTION

Ms. Suzanne Lenglen, the French court wizard and champion woman tennis player of Europe, photographed in action during a doubles match at Beaulieu on the Riviera.

BUILDING PROSPECTS BECOMING BRIGHTER

This Is Glad Tidings Sent Out By Lumber Men, Concrete Products Association and Lumber Manufacturers.

CHICAGO, March 30.—Building prospects are becoming brighter all over the country, according to reports made by the National Wholesale Lumber Dealers' Association, the Concrete Products Association and the National Lumber Manufacturers' association in session today.

Speakers said the high cost of labor and transportation played an important role in the nation's building program and must be remedied before building conditions could return to normal.

Government supervision of the railroads but not government control was favored by the lumber dealers who adopted a resolution to that effect at their closing session. The resolution also recommended the repeal of such legislation "as prevents or restricts the carriers from making individual contracts and adjusting their rates of pay and hours of service with their employees; and that pending such legislation the president urge the labor board to abrogate the so-called national agreements."

SAUNDERS OF TORONTO WINS FIVE-MAN TILT

Buffalo, N. Y., March 30.—Five-man bowling of the 1921 American Bowling Congress tournament came to a close tonight with the Saunders of Toronto showing a total score of 3,066 pins, as the champions. The A. H. Arnold & Brothers of Chicago were in second place with a score of 3,047 pins, and the Fleming Furnitures of Cleveland, third, with a 2,961 total. The winners receive \$1,000, the runners-up \$950, and the third place \$890.

Final games in the two-man and individual events of the tournament will be rolled tomorrow afternoon, there being but three squads of Buffalo and Toledo bowlers on schedule for the final day.

SEAT OF SOCIALIST DECLARED VACANT

Albany, N. Y., March 30.—The state assembly by a vote of 77 to 62, tonight declared vacant the seat of Assemblyman Henry Jager, socialist, of the fourteenth district, Kings county.

HESITANCY IN BUSINESS IS AGAIN MANIFEST

High Prices, Labor Unrest and Other Things Is Cause

LABOR IS FACING READJUSTMENT PERIOD

(By The Associated Press)

CHICAGO, March 30.—Hesitancy again is manifest in business in the middle west, according to the statement of the federal reserve bank of the Seventh District, issued today. "This is due, it says, to uncertainty caused by high retail prices of necessities, curtailed building operations, the attitude of wage earners in resisting cuts in wages, delayed liquidations of farm holdings, the heavy demand for money and high interest rates."

"During the last few weeks there has been a falling off in the movement of all grains from the farm," the report says. "There also has been a considerable reduction in the average price of farm lands under cultivation."

Improvement in Auto Industry

"Improvement has been noted in practically all reports of the automobile industry. The number of employes in the plants at Detroit has increased about 22 per cent."

"Labor is facing the natural outcome of the industrial readjustment period, the necessity of effecting a general wage reduction becoming more and more apparent. The railroad dispute remains unsettled, employment shows no improvement the last month. Both wholesalers and retailers are reported as showing a tendency to buy cautiously and to reduce their stocks. High wages, money rates and uncertainty based on the general outlook contribute to general building activity."

DETECTIVE SUES

Samuel Untermyer New York, March 30.—Samuel Untermyer, chief counsel to the joint legislative committee investigating the building trust, was sued today in Federal District Court, for \$100,000, by R. J. Foster of Newark, N. J., a private detective and a witness before the committee on December 18.

The complaint charges that Untermyer, in speaking of "Foster's record," at the hearing, made statements that were "malicious and wholly false, and were calculated to hold him up to public distrust, ridicule and contempt."

Revival services will begin at Durbin church on Sunday, April 3rd. Rev. Linton, who aided so successfully in the revival at Centenary church in Jacksonville recently will conduct the singing at Durbin.

Russell Rawlings and Glenn Ebrey, students in Jacksonville, have spent their Easter vacation at home.

Clarence Hawker and Hugh McDevitt went to Williamsville Friday on business.

Thomas Oxley shipped a carload of stock to St. Louis last week.

George and Samuel Darley visited in Champaign and Allerton from Friday until Monday evening.

George Bookman was a Springfield visitor Friday.

RETURN TO CITY.

Mrs. James Lindsey, son and daughter, have returned to their home in this city after attending the funeral of Mrs. Sarah Ann Lindsey at Litterberry.

GEORGE W. FOX WRITES OF EARLY DAYS HERE

Former Resident Recalls Interesting Facts About Business Buildings in Jacksonville in Former Times.

Indianapolis, Ind., March 28, 1921.

Editor Journal:

After a very pleasant visit at home I have been thinking of some of the places of my childhood. I brought home a photo of all four sides of the square, taken in 1860. On it I find the old Congregational church on the east side, south section, where Johnson & Hackett's furniture store is now located. Ole Bull, the violinist, and Madame Restoria, the singer, gave concerts here, and all of the local concerts were given in this church until the Strawn opera house was built.

On the south side of the square was the dry goods store of William Hamilton. This early resident had so much confidence in Mr. Lincoln's election that he wagered \$5,000 on it and won. On the south side also stood the one story building in which was housed the post office. Chatham Simms was the postmaster in those early days, and he was followed by Capt. Hunt. I think the post office was later removed to North Main street, on the east side next to the alley back of the McDonald Dry goods store.

On the south side of the square, west section, Mr. Rearick kept a grocery store and the entrance was about four feet from the pavement.

The mansion house was the principal hotel at that early period. My grandfather was in charge of this hostelry from 1856 to 1872. I remember the dates correctly. I remember that tin pans and roller towels in the basement were all the toilet facilities provided for the

guests. All the rooms in which there were fires had stoves for heating purposes, and the others went heatless.

The Ayers hotel on South Sandy street was another hotel of the early days. There was still another hotel on the second floor of the modern building where the Russell and Thompson jewelry store now is.

I see a fine stucco house on South Main street on the spot where there used to be a sign on a post when I was young, marked "Inn." We used to cross the brook on a wooden bridge about ten feet high. Grandfather lived in the third house south of the brook, built by Mr. Strawbridge. I remember the one story building on the north side, west end, which was a tailor shop conducted by Tomlinson and Cramer. Phil Price had a jewelry store on the north side and where the Dunlap-Russell bank now stands was a drug store conducted by Mr. Ayers.

In the third floor of the building where Cassels cigar store now stands was the first dancing school, conducted by Mr. Cady, who also was a violin teacher. This room was also used as a Masonic hall.

This will be all for this time. Yours respectfully, GEORGE W. FOX.

FARM BUREAU NOTES

Next Saturday managers of elevators in Morgan county will meet with the executive committee and township chairmen of the farm bureau to hear a statement of T. R. Cain with reference to the marketing report of the committee of 17. This committee was named by the state agricultural association to consider this very important problem.

J. M. Roxroat of Concord has reported to the farm bureau that he is trying a mixture of legumes, believing that this is a sure plan for securing a satisfactory stand. The mixture he is using includes timothy, red clover, sweet clover and alsike.

Charles S. Black, president of the farm bureau, has a car of limestone for his farm three miles north of the city. Part of this is for a field of alfalfa he expects to plant and the remainder will be used in a field where the soil shows some signs of acidity.

FUNERAL NOTICE.

The funeral of the late Mrs. George Wheeler will be held at Hebron Methodist church northeast of the city at 10 o'clock this morning.

"Take and Keep many Pictures of Baby—"

BLIND KIDDIES PRESENT A GIFT TO ITALIAN AMBASSADOR

It was a more basket and coat hanger, made by the tiny hands of the blind little Madellima Veduro, shown above, that gladdened the heart of Romandi Ricci, new Italian ambassador to the U. S. It was presented to him during his recent visit to the Lighthouse of the Blind, N. Y. C.

PERSONNEL OF NEW WHITE SOX TEAM

Comiskey Has Some Excellent Prospects—If Pitchers Come Thru the Sox Will Have to Be Reckoned With

CHICAGO, March 31.—(By A. P.)—Charles A. Comiskey, owner of the Chicago Americans, whose championship club was shattered as a result of the baseball scandal, today believes he has succeeded in rebuilding the team which has been his pride.

The "Old Roman's" chief concern is whether Manager Gleason will be able to build up an effective pitching staff from the large number of recruits on hand. In former years, Comiskey had little difficulty getting first class pitchers, but was unable to land the men who could connect with base hits. This year the tables seem to have turned, unless the recruit twirlers make good. He has signed a number of players who had good batting marks last season and may become sluggers this year.

The leading pitchers of the White Sox, and around whom the staff will be moulded are Faber, Kerr, Hodge and Wilkinson, the latter two having joined the last year. It is likely that Hodge and Wilkinson will be able to take a regular turn on the mound. Joe Morris of Tulsa, Okla., Mulrenan, purchased from Columbus, and McWeeny, bought from Milwaukee, probably will round out the staff, although one or two others may be retained.

The infield, which was wrecked last fall, may furnish a big surprise this season. Comiskey obtained three stars from the Salt Lake club in Ernie Johnson, short stop; Eddie Mulligan, third baseman; and Sheeley, first baseman. If these three players can fit in with Captain Eddie Collins, the guardian of the keystone sack, baseball fans declare the infield should be one of the fastest in the country. The three Salt Lake players have been working together for several years and with the veteran, Collins, are expected to make a creditable showing.

Ernie Johnson, who will attempt to fill Risberg's shoes at short, had a batting average of .299 in the Pacific Coast league last season. He has a strong arm and gets the ball away with great speed and accuracy. The hole at third base, caused by the loss of "Buck" Weaver, will not be difficult to fill. Two great prospects are in line for the place. Harvey McClellan, who played the role of utility with the White Sox, is a natural fielder and is giving Eddie Mulligan, the Salt Lake third sacker, a hard run for the position. Each has a world of speed and it may not be until the season opens that one will be given the regular assignment.

The club is well stocked with outfielders, despite the fact that Joe Jackson and "Happy" Felsch are numbered among the missing. Harry Hooper, obtained in a trade from Houston, will become a fixture in right field. Johnny Moster, who was with Milwaukee last year, will play center. Mulligan is a clever fielder and a good batter. He had a sensational record with the Milwaukee club.

The left field position probably will fall to Alvin Strunk, altho "Bib" Falk, the former University of Texas all-round athlete, intends to put up a fight for the honors. Falk, like Sisler of St. Louis, played any position on the college team. He is a strong hitter and if retained as a pitcher, his batting will be far above that of the average twirler.

Ray Schalk undoubtedly will do the bulk of the catching. The scrappy little backstop, however, has some first class assistants in George Lees, Jonnard and Everett Yaryan, the Western league home run slugger, who was bought from Wichita last fall. Jonnard, who was with Nashville last season, also is an excellent prospect.

THE SCHOOL DISTRIBUTIVE FUND

Morgan county schools will receive from the distributive fund this year about \$28,000 approximately half of this amount going to Jacksonville. Supt. Vasconcellos is now figuring out the amount due to each school district and payment in each case will be made to the proper treasurer.

MANNIX WILL NOT VISIT AMERICA

Rome, March 30.—Archbishop Mannix of Melbourne, Australia, who came to Rome recently to pay an official visit to the Pope will leave soon for London where he will embark directly for Australia, having abandoned the plan of returning home by way of America.

STATE COMMANDER OF LEGION TO BE HERE

William McCauley Will Visit Local Legion Post—Plans for Visit Not Complete.

W. T. Harmon, commander of Jacksonville Post No. 279 American Legion announced last night that William McCauley, state commander of the Legion would visit the local post on April 22.

The state commander is making a tour of inspection of the posts of the state and is giving special attention to posts located in cities where ex-service men are being cared for in local institutions, visiting the men and finding out how they are being cared for.

Commander McCauley is providing a live wire and Mr. Harmon says that when he talks he says something worth while. He has been giving personal attention to getting better care for men who are in the institutions of the state and press dispatches in this morning's paper tell of his success in securing the erection of separate cottages at Jacksonville State hospital and Elgin for the care of these men. Later the matter of permanent quarters is to be taken up.

The program for Mr. McCauley's visit has not been prepared but will be taken up at the meeting of the post the coming week. It is probable, it will include a public meeting when all citizens will have opportunity to hear and meet the commander of the state. It is also planned to have a meeting following this for ex-service men and women. A banquet also is among the tentative arrangements.

WOULD IMPEACH OKLAHOMA GOVERNOR

Recommendations Filed in House Late Wednesday—Many Charges Made.

Oklahoma City, Okla., March 30.—Impeachment of Governor J. B. Robertson was recommended in a report filed in the Oklahoma house of representatives late today by an investigation committee. The report charges gross neglect and corruption in office.

The report charges the governor also with "unwarranted use of his executive power" in regard to reprieves, pardons and paroles, declaring the present administration has extended clemency to 1,900 persons. The report declares the governor evaded payment of his state income tax last year.

Appointment of a committee of three to draft impeachment charges immediately is recommended in the report.

PORTUGUESE TRYING TO FORCE PRICES DOWN

Lisbon, March 24.—(By A. P.) announcements have been made that the Portuguese are attempting to follow the example of the Americans and force a decline in the excessive prices of food and clothing by refusing to purchase. The people are indignant at the continued advance of the cost of the necessities of living, particularly the price of codfish, which is the chief article of food for the poorer families.

The city council of Lisbon and Oporto are attempting to stop the exactions of the profiteers by purchasing large quantities of codfish from Newfoundland and selling it at one-third the price extorted from the public by shop keepers. It is hoped that this will bring down not only the price of fish but that of meat.

The newspapers exhort the public to refrain from buying rice, in order to bring down the price, and announcements have been made of several cuts to come in that food.

The Portuguese public is looking to the United States to rescue them from their plight. Unverified rumors have been circulated that ship loads of foodstuffs, clothing and shoes are on their way from America to flood the markets here at prices available to all. Many householders are refusing to buy at present prices, saying, "I will wait until the American shipments come."

RAILWAYMEN'S CONFERENCE TO BE HELD IN APRIL

Geneva, March 24.—(By A. P.)—The Second International Railwaymen's conference will be held here in April next. Twelve countries were represented at the first conference in London last October, and their delegates claimed to speak for 1,357,000 workers.

WANTS GOOD ROADS ASSOCIATION TO GROW

President Sullivan Addresses Letter to Members—Meeting Next Tuesday Night.

W. E. Sullivan, president of the Morgan County Good Roads association has arranged for a meeting of the association to be held at the court house next Tuesday night, April 5. Stuart Pierson, president, or Jack Wilson, general manager of the Mississippi Valley Highway Association, will be present to tell the members of the local association what is being done along the highway and about the other work in prospect.

Mr. Sullivan is purposing to greatly increase the membership of the Morgan county association and recently addressed a letter to all members. Some paragraphs from the letter are given herewith. The letter is signed by Mr. Sullivan as president and L. T. Potter as secretary of the Good Roads Association.

"Dear Sir: "If there ever was a time when a good roads organization could function to good advantage for Morgan County, that time is now. The hard road program is going to begin operations this spring and we want to be alive to the situation.

"We have your pledge for \$2 a year for four more years, but because of a number of conditions the executive committee has thought it best to create a larger organization and reduce the annual dues to \$1 per year. Mail the secretary your check at once for one dollar and your pledge card for \$3 will be returned to you together with a

"Gets-It" Ends All Corns

Just As Good For Calluses. Money Back If It Fails.

Thirty seconds after you touch the corn with this liquid corn remover the itching, stinging pain of it stops for all time.

No corn, hard or soft, is too old or too deeply rooted to resist "Gets-It." In minutes it dissolves and softens the corn, loosens from the true flesh and soon you can peel it right off with your fingers as painlessly as you trim your nails. Don't coddle corns. Don't nurse and pamper them. Don't cut and trim them. REMOVE them with "GETS-IT." Costs a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago. Sold in Jacksonville by Armstrong Drug Co. and Gilbert's macy.

IMPORTANT TO EVERY MOTHER

Do you know the best energy food for children?

GROWING children need a great deal more energy food than adults, for they use up so much more energy. Every mother and father knows this.

The food element that furnishes the greatest amount of energy—is Dextrose. Most of the food you eat—such as bread, starchy vegetables, and all forms of sugar—has to be changed into Dextrose before your system can use it.

Karo, the Great American Syrup, contains a very large percentage of dextrose. This gives Karo its wonderful energy-producing value, and is what makes it so nourishing and wholesome for children—as well as for grown people.

Give the children all the Karo their system needs—on cakes or bread, or for making delicious, pure home-made candy.

Your Protection

Do not be deceived by cans containing syrup that might look like Karo. The name "Karo" is on every can of original Karo—look for it, and be assured of full weight cans and highest quality.

BLUE Karo

The standard table syrup. Also for cooking, baking and candy making. Light brown color, delicious flavor—a heavy-bodied syrup.

RED Karo

The Ideal Syrup for every use—for cooking.

PROF. CLARK A GREAT ARTIST
Prof. S. H. Clark of the University of Chicago, will give two readings at the I. W. C. Friday of this week. At 2 p. m. Mr. Clark will read "King Lear." Those who know Mr. Clark's work feel that his reading of "Lear" will be inspirational and scholarly. He regards his work too highly to resort to the usual tricks employed by less interested readers. His emphasis is placed upon interpretation and his interpretation of "Lear" shows the results of years of sympathetic study. Not showy dramatics, but a substantial thought added to intellectual appreciation and understanding characterize Mr. Clark's readings. "King Lear" is a tragedy of soul and as such makes the most exacting demands upon a reader. To have an opportunity to hear this great play read thus is a privilege no thoughtful person can disregard.

At 8:15 in the evening Mr. Clark will read George Bernard Shaw's "Androcles and the Lion," one of Shaw's wittiest and cleverest thrusts at present day presumptions and excusings. That Mr. Clark can appreciate the humorous as well as the tragic is evidenced by his choice of this pleasing play. Although the time is that of the martyrdom of the early Christians, the theme is a very modern one and its interest is universal.

The students are eagerly planning for these readings and the college is to be congratulated for bringing Mr. Clark for their benefit and pleasure. Many opportunities are given to hear great musicians, but all too few to hear great readers, and at the present time Mr. Clark, by virtue of his years of experience and his scholarly attitude, stands at the head of his profession.

HAVE BEEN MARRIED FOR SIXTY YEARS

Mr. and Mrs. Peter Obermeyer Yesterday Observed Important Anniversary at Their Winchester Home.

A very uncommon wedding anniversary was observed in Winchester yesterday, that of Mr. and Mrs. Peter Obermeyer, who have been married for sixty seven years. There was no formal celebration, although several members of the family made it possible to visit the old home and spent the day with their aged parents. In this number were Charles Obermeyer of Chicago, Mrs. Effie McKee, of Springfield; Dr. and Mrs. A. B. Obermeyer of Arcadia, this county.

During the day a great many of their friends called to extend congratulations and the mail carried a heavy burden of messages. Although their married life has been of such unusual length Mr. and Mrs. Obermeyer are still in comparatively good health.

Some Life Facts.
Mr. Obermeyer was born in Bavaria, June 1, 1834, and came to this country in 1852, landing at New Orleans on Christmas day. He came direct to St. Louis from there and resided in the latter place about two months, when he came to Pittsfield, Pike county, and lived there nine months, during which time he was engaged in business as a barber, establishing a profitable trade.

He sold out at Pittsfield with a view of opening up a bakery in Winchester, but after a short business career he discovered that a bakery was not a profitable venture at that time in Winchester, and shortly thereafter took up the brick mason trade, working with the Coons brothers. Later he operated a brick yard here for a number of years.

In 1862 he enlisted in the service of his adopted country, serving as a private in Company D, 120th Illinois Volunteers, three years, and during that time saw some active service, being with Sherman on his famous march to the sea. He was in a number of battles during the Atlanta campaign and he was also present at the "Grand Review" held in Washington at the close of the war. Returning to private life he again resumed his vocation as a brick mason, until 1877, when he engaged in the clothing business with Anton Brienbauer for the period of four years, after which he went into the brick making business, from which he retired in 1903.

Mrs. Obermeyer, whose maiden name was Lucinda Beasley, was born June 4, 1838 about two miles south of Winchester, on what is now known as the "Kellor Park" farm. She was a daughter of James and Hannah Beasley. She has lived in Scott county all her life. She was married to Mr. Obermeyer on March 30, 1854.

This noble couple have raised a most estimable family of ten children, namely:

Mary Jane, now Mrs. A. H. Owings, of Litchfield, Ill.; William Mantlin Obermeyer, of Chicago; John Abner Obermeyer, (deceased), who resided at Jacksonville; Sarah Ellen (deceased) wife of A. C. Smith, of Winchester; Hannah Isabella, now Mrs. H. L. Dunham, of Los Angeles, Calif.; Charles Benjamin, of Chicago; Effie May, now Mrs. H. A. McKee, of Springfield; Anton Bertie, of Chicago; Dr. Albert Everett, of Arcadia, and Robert Dwight, of Kansas City.

They are the grandparents of eighteen living children and six dead; thirteen great grandchildren living and one dead, and one great, great grandchild, William F. Obermeyer, living at Colorado Springs, Colo.

Mr. and Mrs. Peter Obermeyer are members of the First Baptist church of this city. Mr. Obermeyer has been a member of the church since 1854 and Mrs. Obermeyer since 1852.

Mr. Obermeyer has been a deacon of the Baptist church for many years.

As a citizen, Mr. Obermeyer has always been found standing broadly for that which was right, regardless of what it cost so long as it was for the betterment of the community, city, state and nation.

He is also a member of Pioneer Lodge L. O. O. F. and is the oldest member of this organization, having been a member of this order for fifty-four years. Four years ago he received a diamond medal from this order in honor of his fifty years of service. He is also a member of Winchester Lodge No. 105, A. F. & A. M.

MR. AND MRS. LUTTRELL ENTERTAIN FRIENDS
Franklin, March 30.—Mr. and Mrs. W. N. Luttrell entertained a company of friends Wednesday evening at their home here. The evening hours were very pleasantly spent, rook being the main feature of entertainment. Light refreshments were served during the evening.

CATHOLIC AID SOCIETY
Yesterday afternoon the Catholic Ladies Aid society held a meeting at the home of Mrs. J. J. Clancy, 428 South Clay avenue. There was a large attendance and a social hour was enjoyed following the business session.

Deaths

Large.
Mrs. Alice Large of 434 Washington street died at Passavant hospital at 11:30 o'clock Wednesday morning.

Decedent was the daughter of Richard and Elizabeth Burris Filkins and was born in England, July 10, 1865 but came to this country when young and practically all her life was spent in this county.

In 1883 she was united in marriage to George Ealey of Murrayville. He passed away many years ago. She was again married in 1913 to Robert Large at Hannibal, Mo., who also preceded her in death.

She is survived by the following children, Mrs. Leonard Crouse, Murrayville, Mrs. Ed Hoffman, Walter Ealey and Eleanor Ealey, Jacksonville; Mrs. Wiley Tendick, Mrs. Emma Cora, Oklahoma, Mrs. J. B. Harrison, E. F. Large, Lucile Large and Lena Large, Jacksonville. She also leaves two sisters and one brother, Mrs. John Leach, Woodson, Mrs. Douglas Cox, Bement and Charles Filkins, Petersburg.

Mrs. Large was a member of Centenary church and was always faithful in her church duties so long as health permitted. She was always ready to aid others in time of sickness and trouble and was a woman highly regarded by all in the community in which she lived.

The remains were removed to the Gillham Funeral Home and prepared for burial and were then removed to the family home in East Washington street. Friends wishing to view the remains may do so at the residence as the casket will not be opened at the church.

Funeral services will be held from Centenary church at 2:30 o'clock Friday afternoon, in charge of the pastor the Rev. D. V. Gowdy.

PROMINENT FARMER OF SCOTT COUNTY IS DEAD

Death of Ray C. Taylor Occurred Tuesday Evening After Long Illness—Funeral Services Friday Afternoon—Other Winchester News.

Winchester, March 30.—The community was grieved to learn of the death of Ray C. Taylor, which occurred at his country home northwest of town, Tuesday evening at 7 o'clock. The deceased had been quite ill for a number of weeks, and everything possible was done to relieve his sufferings.

The deceased was a young man of fine character and was accounted one of the prosperous farmers of the community. His marriage to Miss Mary Jefferson occurred about two years ago and their beautiful country home was always open to their many friends. The deceased was a man who had respect of the entire community and will be greatly missed by many. His devoted young wife, his mother, sisters and brothers have the sympathy of a host of friends in their hour of bereavement.

Mr. Taylor is survived by his wife, his mother, Mrs. Charles Taylor; two brothers, Henry and Watson; two sisters, Misses Ella, Grace, Margaret and Jeanette, beside many other relatives.

Funeral services will be conducted from the Methodist church Friday afternoon at 2:30 o'clock, in charge of Rev. W. R. Johnson, assisted by Rev. Carl Corrie.

News Notes
A son was born Wednesday to Mr. and Mrs. Albert Stainforth, at the home of the latter's parents, Mr. and Mrs. Charles Coults.

George Hogan and wife attended the Lyric theatre Tuesday night, and when they went to start home found their Ford runabout missing. The machine was found Wednesday morning on a street in the east part of the town. It is thought the thief had started away with the car and had become frightened and abandoned it.

Mrs. Rolla Borum arrived Wednesday from Muskogee, Okla., called here by the death of her sister, Mrs. Edith P. Wheeler.

The many friends of Mrs. Elith Wheeler were very sorry to learn of her death, as announced in the Journal of Tuesday morning. While the deceased had been away from Winchester for a number of years, she had a host of friends here, all of whom well remember her when she lived in this community. Her parents and relatives and the members of the family at Sinclair have the sympathy of all in their bereavement.

Among Scott county people who will attend the funeral at Hebron church Thursday morning will be Miss Lizzie Peak, sister of the deceased; T. J. Hamilton, George Stuart and family, Mr. and Mrs. Keith Peak, Mr. and Mrs. Glen Peak and Mr. and Mrs. Fred Peak. Mrs. Kenneth Parkinson and baby son of Chicago, Mrs. Martin Abbott and little daughter of Naples, are guests of their parents, Mr. and Mrs. M. A. Henderson.

Mrs. Gertrude Demerath returned from Palmyra, where she has been assisting with the music at a series of special meetings.

WILL DECORATE GRAVE OF EVERY SOLDIER ABROAD
Indianapolis, Ind., March 30.—The grave of every American soldier who died abroad during the World War will be decorated on Memorial Day by the American Legion. All posts were called on for contributions to bear the expense in a bulletin sent today by Lemuel Bolles, national adjutant. Public contributions also will be accepted, it said.

Relatives of deceased soldiers may have a special floral offering or decoration placed on the graves thru the Legion's committees in France, Great Britain, Belgium and Germany, it was announced.

JOHN THE BAPTIST IS EVANGELIST'S THEME

Strong Sermon Delivered by Evangelist Billy La Mance at Grace Church Wednesday Evening—Chorus Choir Sings Nightly.

Portraying the preaching of John the Baptist in the wilderness of Judea, Evangelist La Mance held his audience with rapt attention from beginning to close of the sermon at Grace church last night. He did more than picture the life of John the Baptist, who was the forerunner of Jesus. He analyzed the message he brought and showed that such preaching is the kind which is needed today. The evangelist said that John warned the people that the axe was to be applied to the fruitless tree and that the time of testing had come.

A few paragraphs from the sermon are given herewith: "John the Baptist was so versatile that his message was suited to every hearer. John brought a burning message to the proud Jews. Some people are very proud of their ancestry today. There are people in many communities who object to their children marrying outsiders, unless they can trace their ancestry to the Mayflower pilgrims or some of the other famed groups. John and Jesus battled with such people in their time and so must we in their time and so must we. They proclaimed repentance as the first step toward the salvation of sinners, and all have sinned. Those who claim they have not sinned deceive no one but themselves. Repentance is not blubbering, but quitting. Many people are sorry about their sins, because they have been caught, but as soon as they are able to escape the difficulty in which they have become involved by their conduct they go on in the same old way. Others are planning to repent after they have carried out their selfish ends.

"Sin must be dealt with according to God's plan. You can not be whitewashed by any new cult of theory of man. Many are apparently satisfied if they can but hide their sins from the eyes of the world. God will take away your sins, but before that can be done you must be willing to submit to God's will.

"Sin is something to be feared, not only because it brings disgrace and shame before men, but it awakens the wrath of God. You can flee from the wrath of God by hastening to the cross of Christ."

It was announced that the subject for tonight will be "Excuses." Mrs. La Mance is now leading each night a large chorus choir. Much stress is being laid upon the song service, as it is realized that this is one of the most important ways of bringing the gospel message to the hearts of the people. Those who attend the services once are anxious to do so again.

AUTOMOBILE WRECKS BUGGY; WOMAN HURT
Mrs. W. E. Gilbert Receives Slight Injuries When Buggy is Demolished—Car Was Owned and Driven by Roy Robinson.

A buggy driven by Mrs. W. E. Gilbert residing west of the city was demolished Wednesday night about 1 o'clock when it was struck by an automobile driven by Roy Robinson, who resides east of the city. Mrs. Gilbert was thrown from the vehicle and received a number of bruises and cuts.

She was given attention by Dr. G. R. Bradley and as her injuries seemed to be only of a minor character, Mrs. Gilbert was later taken to her home.

The accident occurred at the intersection of Westminster with State street. Both the buggy and automobile were traveling west at the time. Mr. Robinson said that owing to water on the windshield of his car he was unable to see the buggy until it was too late to avoid the accident. It is fortunate that the accident was not of a more serious character.

Social Events

Catholic Aid Met
With Mrs. J. J. Clancy

The Catholic Ladies' Aid society held its regular monthly meeting Wednesday afternoon at the home of Mrs. J. J. Clancy, 402 South Clay avenue. The attendance was unusually large, more than sixty members being present. The society is planning for an entertainment to be held at Liberty hall Wednesday night April 6. After the regular routine of business a social hour followed when delicious refreshments were served. The society adjourned to hold its next meeting with Mrs. H. G. March 6/4 Jordan street Wednesday, April 13.

HELD SALE AT WASHINGTON SCHOOL
Members of the Fourth Ward Parent-Teacher Association held a market and apron sale Wednesday afternoon at the Washington school building. There was a large attendance and a satisfactory sum was raised as an addition to the fund for the purchase of gymnasium supplies. Members of the organization cooperated with the committee, which included Mrs. Robert Allen, Mrs. Lloyd Hamilton and Mrs. Louis Kelly.

PARTY AT LITERBERRY
Mr. and Mrs. Durrell Crum entertained a number of friends Wednesday evening at their home in Literberry. Music and games furnished the entertainment features and the occasion was a most pleasant one in every respect. Delicious refreshments were served in the course of the evening.

DR. WILLERTON BACK FROM ARIZONA
Local Citizen Is Planning to Remove to Southwest—Has Bought Residence Property in Tucson.

Dr. Thomas Willerton has just returned from Tucson, Arizona, where he has spent the past six weeks with his wife, daughter and son. Dr. Willerton has bought a residence in the Arizona city and is expecting to remove there in the course of a few months. The change of residence is being made on account of the health of Miss Leila Willerton. The dry climate of the southwest agrees with her and it is not possible for her to live here.

Dr. Willerton expects to dispose of his Jacksonville property but will retain his farm holdings. As Dr. Willerton has spent thirty five years in very active work, when he removes to Arizona he does not expect to practice his profession. He is expecting to establish a goat farm. There are a number in that locality. The goats are not the type familiar here, but are larger and much more expensive. The price of a milk producing goat runs from \$250 to \$400.

There is a great demand for goat milk for the use of tubercular people, as the milk is prescribed by physicians.

While in Tucson Dr. Willerton met Mr. and Mrs. James McBride, S. W. Nichols, Miss Frances English and R. L. Pyatt. He said that all of the Jacksonville people are vastly pleased with the Arizona climate and are being benefitted by their stay in the southwest.

Subscriptions made to Passavant Hospital building fund are now due and payable to F. E. Farrell, treasurer, at the Farrell State Bank.

ALEXANDER
Howard Strawn, son of Mr. and Mrs. Joel Strawn had the misfortune to break his arm while attempting to crank a Ford car Wednesday. The injury will seriously interfere with the young man's school work and will prevent his taking the central examination next month.

Mrs. Annie Beerup, who has been ill for the past two weeks, was removed to the hospital in Jacksonville Wednesday. Her many friends hope for an early return to normal health.

COURT HOUSE WILL CLOSE
The Morgan county court house will be closed today during the hours from 9 until 12 o'clock, on account of the funeral of Mrs. Wheeler, chairman of the board of county commissioners.

WILL OF MR. BEERUP FILED
The last will of the late C. L. Beerup of Franklin, was filed for record Wednesday in the office of County Clerk G. L. Riggs. The will was made January 22, 1917, with George Brown, M. L. Henderson and Frank Mansfield as witnesses to the signature. It is provided that the wife of the testator, Mary E. Beerup, is to own the property during her lifetime and subsequent to her death the property is to be divided equally among the three sons, Charles, Otto and Audie A. Beerup.

A special bequest of \$25 was made to Marvin Beerup. The will provides that Mrs. Beerup shall serve as executrix without bond.

Jacksonville Chapter No. 3 R. A. M. will hold a special convocation this evening at 5:30 o'clock. Work. Dinner at 6 o'clock. Visiting companions welcome.
W. P. Spillman, E. H. P. John R. Phillips, Secy.

NEW RED CROSS NURSE QUALIFIED FOR WORK
Jacobina Riecke from Meriden, Conn., has arrived in the city to take up Red Cross work in the county. Miss Riecke took training in the Meriden City Hospital and later at the Morgan Memorial Hospital in New York City, also took public health training at Simmons College, Boston. She was engaged in Red Cross work at Camp Grant during 1917 and 1920 and last year engaged in public health work at Clark, South Dakota.

SCHOOL PUPILS TO HAVE EXAMINATIONS
Final Tests Will Be Held in Fourteen Schools Designated by County Superintendent.

Tomorrow final examinations for the pupils of the county schools will be held at school houses. Those pupils who passed in the different examinations are eligible for finals. The plan of holding final examinations in a number of different communities is of great convenience to pupils and teachers.

Superintendent V. not long since announced that schools where the final tests will be held and the names of the schools are as follows:

Appalonia—May Miller; Nortonville—Esther Alexander—Margaret Yatesville—Rose Hen Science Hill—Laura W. Pleasant Grove—Ther staff.

Hebron—Gertrude Sel Clayton's Point—Blaney.

Woodson—J. C. Colton; Literberry—Mrs. Rea nings.

Lynnville—Shirley M. Conced—Virginia E. Hickory Grove, W. Tenn.

South Jacksonville—Jones.
